After the outstanding success of the 2023 edition, which saw 20,777 visitors, over 350 exhibitors, and participation from more than 25 countries, this year's event is scheduled for August 28-30, 2024, at the Bombay Exhibition Centre, Mumbai.

India's food processing sector has immense potential to positively impact the national economy. With changing consumption patterns due to urbanization and shifting demographics, food consumption is projected to reach USD 1.2 trillion by 2025-26. Leveraging this growth is vital for the country's development.

As we celebrate Koelnmesse GmbH's 100th anniversary this year, we reflect on a century of pioneering and managing around 80 trade fairs annually, both in Germany and internationally, across physical, digital, and hybrid formats. Our mission is to energize businesses by creating valuable momentum for our customers and the sectors they represent.

Anuga Select India (Powered by ANUGA), co-located with Anuga FoodTec India is the largest B2B platform for the entire F&B industry to convene and network. We proudly present to you a glimpse of a few exhibitors & their product innovations that they would be showcasing at the expo.
